Overseer of Poor, Gilsum.

REPORT OF FIREWARDS.

The Firewards of Gilsum present the following report, ending March 1, 1890:

We find, on examination, that the engine is in good repair, but as regard to hose, we find it in a poor condition. It has been brought before the town once or twice in regard to the cotton hose that it is worthless, and most of the leather hose is not what it should be. We find that the company is all right, and think the town had better attend to purchasing hose, so, in case of fire, the blame will not fall on the company. What can be expected of a company without the wherewith to do with? Delays are dangerous.

GEORGE H. McCOY,
Chief of Firewards.

REPORT OF THE SCHOOL BOARD

FOR THE YEAR ENDING MARCH 1, 1890.

It will be noticed by our statistical report that the Winter school in the East district was not so long as in the other districts. This occurred through no fault on the part of any one, but in consequence of prevailing sickness. We hope that our successors will bear this in mind, and use enough of the unexpended money in the treasury to make the privileges of this district equal to that of the others, in the coming year.

It is our duty and our pleasure to say, that our teachers have generally been faithful, and their labors successful.

There have been enrolled in town 109 different scholars, with an average attendance of 73. The Selectmen's enumeration of those between the ages of 5 and 15, as taken April, 1889, was 82; boys 42, girls 40. Appended will be found statistical tables; also the financial statement of the Treasurer.
